

Pillow Standard Shape

RelaxSan pillow standard shape

Relaxsan Pillows standard shape, made with visco-elastic "shape memory" foam with slow return, which provide comfort and well being.

The pillow fits the shape of the head and vertebrae, preventing that they are burdened by excessive weight facilitating the deconcentration and relaxation, helping to eliminate the annoying neck pain. The special pierced it provides good breathability.

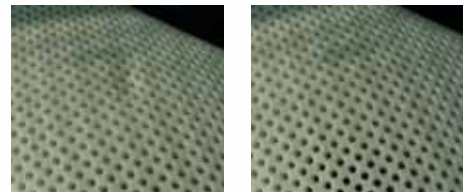

Silver Protect

The pillow is also covered with a high quality pillow cover, manufactured from fabric treated with silver nanospheres with permanent antibacterial effect. The pillow cover is removable.

Shape memory with slow return, here under the sequence of the effect of this revolutionary material.

The pillow cover is removable.
